

Allanson Street Primary School Newsletter

Friday 2nd March 2018

This week: This week we have celebrated Book Week, thank you to all the families that have supported our book fair and bought some fantastic books to encourage fabulous reading!. Thank you to all the parents/carers that came in to talk to the children about their careers, the children really enjoyed the sessions. Today we are celebrating World Book Day and the children were asked to come dressed up as something they would like to be when they are older. The children looked fantastic and have some great ambitions for their future careers.

Next week: Reception and Years 1/2 are visiting Parr library. On Wednesday afternoon, the Health Visitor will be doing some online health assessments with the children in Year 6, letters have previously been sent home about this. On Thursday afternoon (2:15pm), we are inviting Mums, Grandmas, Nan's, Aunties or Sisters (female relatives only - sorry!) of children in Year 1 and 2 to a Mother's Day afternoon.

Packed Lunches/Bus Money: Can you please ensure your child comes to school in the morning ready for their day with packed lunches and bus money if they are going on the bus. We are getting a lot of packed lunches being dropped off during the day and phone calls for children to go on the bus, disturbing the children's lesson time.

Easter Bingo The Friends of Allanson Street have planned an Easter Bingo event for Wednesday 28th March. More information and tickets will be on sale for this event soon. Please look out for further details.

School Dinners Due to delivery problems (caused by bad weather) there will need to be some changes to the school dinner menu next week.

Passwords: Please ensure any person that you have given permission to collect your child/ren from school knows the password. This applies to children being collected during and after the school day.

Nut Allergies - We have some children in school with nut allergies so please do not send any food items into school that contain nuts as crumbs/residue is easily transferrable and can cause a serious allergic reaction.
Thanks you for your help with this.
