## This Week's Highlights

- Nursery children tried in vain to help the Queen find her hat (from our story), they found many other hats and used their descriptive vocabulary to explain why they couldn't be the Queen's.
- This week we opened up our brand new reading sheds on the infant and junior playgrounds. This is a great way for us to encourage a love of reading throughout school, during lunch times.
- Year 1 had a fabulous time making their spring themed hats with parents, carers and staff.
- Well Done to the Year 2 children who competed superbly in a Multi-Skills tournament this week.
- Year 3 have loved the launch of our Book fortnight. We have learned lots about certain London Landmarks and they are using ICT skills to produce superb fact files.
- Years 5 and 6 have really enjoyed learning about London this week as part of our Book Week celebrations. Why not ask your child what they have found out so far?
- Well done to Millie B in Reception for correctly guessing that the teddy bear was called 'Willow'
- Well Done to Ryan E and Lexy D who are Year 6 champions for Planking the longest. This is out of all Year 6 children in the borough.

## What's Coming Up Next Week (and beyond)?

- In Year 6, we're really excited about making our Book Week hats! We really hope that as many Y6 parents / carers as possible join us on Wednesday afternoon.
- Please remember Y3RH and Y5EH are swimming every Tuesday this half term.
- Year 3 are looking forward to making hats with their parents / carers on Wednesday morning. We have a Year 3 /4 gymnastics tournament and a Year 5 Football tournament – Good Luck to all children participating.

### Maths Challenge

#### Problem of the Week

For a chance to win a fabulous maths puzzle, solve this problem and pop your solution in the box in the foyer.

This week, we'd love it if you could start spotting what time it is. Do you know what 'o'clock' looks like? How about 'half past'? Try asking the adults around you what time it is when you're eating your breakfast, your lunch and your evening meal. You could go one step further and ask them to show you this time on an analogue or digital clock. In Key Stage 2, you could try telling the time yourself or even working out problems relating to time. Remember to tell your teacher about anything that you do related to our maths challenge to earn yourself dojos or YBS tickets.

#### Problem of the Week

Mo and his four friends eat a meal.

They each pay for part of the meal.

Mo pays £5.20

Each of his friends pay £3.80

How much did the meal cost in total?

For a chance to win a fabulous maths puzzle, post the completed problem in the box in the foyer
