## This Week's Highlights

- The Nursery children had a fabulous trip to New Brighton to explore the fairy garden and houses. I'm sure they slept well that night as they did do a lot of walking. Well done to them all for fabulous behaviour!
- Year 1 have been looking at adaptations in our science work this week, looking at how polar bears are specially adapted to living in the cold climate of the Arctic.
- Year 2 have enjoyed finding out about the different habitats animals (including big, bad wolves) live in and how the species in each of these habitats depend on each other for survival.
- Year 3 have had a very productive week returning to our regular timetable after assessment week. Children have finished their own character cards for their witch in English, are starting to learn about money and its value in maths as well as the human skeleton in science. We also visited Parr Library on Thursday-BUSY, BUSY!!!
- Year 4 have enjoyed exploring the character of the Evil Witch and Snow White during World Book Week. They have created some amazing newspaper reports, wanted posters, fact files, monologues and pop up books all inspired by our book 'Inside the Villains'. The children had a brilliant time on our trip to Chester. Their behaviour was excellent and everybody left Chester knowing a lot more about Romans.
- Year 5 have had the best time working on our book theme of villains, we've done LOTS of work on giants from different stories. Please check out the website to see some pictures of our fabulous creations like our dream catchers and giant pop up books!
- Year 6 have created some amazing writing based on an emotional scene from the story WarHorse. They have described the setting and characters to build atmosphere and suspense.
- All children and staff had an absolute ball celebrating World Book Day. The children looked amazing! Thank you so much to our fabulous parents / carers for helping them to enjoy the day.

## Out of School Achievements...

A huge well done to ...

Ruby-Jo in Reception, our little karate super star, who has achieved her blue belt.

We are so proud of you!

If you would like your child's out-of-school achievements to be mentioned on our newsletter, just jot some details down on a piece of paper and hand them to Mrs Dingsdale.

We are currently receiving daily updates from the DfE in relation to the Coronavirus. The best way to slow the spread of almost any germs, including Coronavirus is:

- Always carry tissues and use them to catch a cough or sneeze.
- Bin the used tissue
- Wash hands with soap and water (or use a sanitiser gel) to kill the germs.

Remember that germs can live on some surfaces for hours. Public information from the Government can be found at:
