This Week's Highlights

What an amazing week we've all had...Nursery have focussed their learning around the story of "Goldilocks and the 3 Bears". The children have been using a story map to retell the story using actions and words. They have also been practising using their voice and playing instruments loudly and quietly. We have also sorted objects by size.

Reception have had another fabulous week. Our story of the week was Stickman which has led to lots of lovely Stick related activities. You will have seen on the class Dojo our number of the week "1" and we have also been learning the picture side of our phonics cards. It has been great to see all the home learning linked to these activities!

Year 1 have been completing lots of phonics challenges this week, and have also used different mathematical resources to represent different numbers. We have also started our new project, This Is Me, and looked at maps of the world.

Year 2 have been working really hard this week planning their own versions of the story "The Queen's Handbag" We cannot wait to see the finished versions next week. We have also loved continuing to practise our rugby skills in our PE lessons.

Year 3 have really enjoyed starting our new science topic about light, investigating different sources of light. We are also loving improving our rugby skills in our PE sessions.

Year 4 have enjoyed reading extracts from Charlie and the Chocolate Factory and beginning our class novel Matilda. We have been learning how to use expanded noun phrases with prepositions to describe some of these wonderful characters in detail.

Year 5 have undertaken our first science investigation this year. We couldn't believe how much larger the Sun was compared to the the Moon. We went outside to investigate why they look a similar size from where we are.

Year 6 have had a wonderful week. We've started to learn all about the characteristics that offspring inherit from their parents. We have also settled really well into English and Maths and worked super hard.
