This Week's Highlights

In **Nursery** the children retold the story "Who sank the boat?" using the teachers as the characters. We then thought about which friends they would like to share a boat with (we look forward to the finished picture that the children are producing as a keepsake!) As we are learning about journeys, we also learned about Road Safety.

This week in **Reception**, we have had our Pirate Activity Day. The children enjoyed completing physical activities with their family members. Well done to all the children and a big thank you to all those family members who could attend.

This week in **Year 1** the boys and girls have started to write their letters to the villagers from the wolf to persuade them to let him live in their forest. We can't wait to share this with their year 2 teachers!

Year 2 have enjoyed creating fact files all about the seaside 100 years ago this week! It has been great to see the information they have learned in their history lessons shining through in their writing. They have also worked hard learning how to solve addition and subtraction questions that cross the tens boundary.

Year 3 The children have really enjoyed our topic about plants. We have planted our own 'cress heads' and are waiting for them to grow! They have also continued to work hard on long multiplication, using the grid method.

This week **Year 4** have been extremely mature and sensible as we have begun our SRE topic. They have been respectful towards others and developed their understanding of the physical changes which begin to happen to their bodies as they start puberty. Well done Year 4!

This week, **Year 5** have been enjoying reading the epilogue of our English 'The Titanic Detective'. They are now planning to write contrasting diary entries from the perspective of 3rd and 2nd class passengers. The children also found out which teacher they will be getting next year and are very much looking forward to their taster morning on Monday with Mr Towson and Miss Matthews.

Year 6 have had a really busy week visiting their new high schools. We had a few worries beforehand, wondering if they'd like it, but they came back with huge smiles on their faces, with tales of amazing days filled with fantastic activities and the making of new friends. We were bursting with pride on Tuesday when we received our SATs results. Every single child is amazing and has made great progress (which we already knew) but the results were the cherry on the cake. WELL DONE Year 6!

Our value for this month is:

Courage

And our skill is:
Speaking

Reminders

Please make sure your child is wearing the correct school uniform. Hooped / dangly earrings must not be worn for safety reasons.

Please do not walk across our school car park – I am very concerned that we are going to have an accident if this continues.
